Charleston Harbour 60"x72"

This program is done in four parts, beginning with a 18" center star medallion bordered by 16 smaller stars. A combination of chain blocks and flying geese added to the top and bottom of the center unit creating the second installment which transforms the center medallion into a rectangle. The third installment is a variety of 5 different blocks repeated 2x and surrounded by a double square in a square for easy on-point positioning. The final installment includes the final 4 blocks repeated 2x and the lay-out and assembly. This is a great opportunity to make a multitude of different blocks using civil war reproduction fabrics.

Baltimore Christmas 70" x 70"

Baltimore Album quilts were made in Baltimore between 1846 and 1852. Those beautiful quilts are the inspiration for Pearl Pereira's Baltimore style quilts. When Pearl thinks of Christmas the Thomas Neast drawing of Santo comes to mind. He "invented" the image popularly recognized as Santa Claus today. His Santa Claus was published for the 1862 Christmas season Harper's Weekly cover. It was both of these elements that inspired Pearl to make her Baltimore Christmas quilt. The 24" center medallion Santa block is surrounded by twelve 12" album style blocks with holly and berry swag applique border. Can be done either by hand or machine. 13months ~ \$26.95 per month.

Garden Cats 75" x 92"

These adorable very cute cats can be combined into a quilt as shown or as the patterns illustrate, individually for you to incorporate into wall hangings decorative pillowcases, tote bags or whatever. Each month the kit will include the background for each block as well as the fusible applique ALL pre-cut!! All you need to do is fuse and finish as you like! The sashing and the outer border is made from a jellyroll and will be available with the other borders with the last installment.
